About me

I'm a 24 year old designer from Redmond, Washington. I'm looking to join a progressive company where I can make the most of my skills and learn through daily challenges in a creative and fast-paced environment that values results.

Skills

My skills in print and graphic design, combined with front-end web, UX/UI, and marketing knowledge allow me to create stunning web and print visuals with the technical skills to successfully implement. I have a strong understanding of HTML5 and CSS3, with basic Javascript/jQuery skills.

Experience

Wotif Group: 2012-Current Web Marketing & UX/UI

www.wotifgroup.com

- Worked on a team to run email marketing, social media, mobile, banner ad and other web based campaigns.
- Designed for travel sites throughout South East Asia.
- Worked on website, app and mobile interface designs and updates.
- Worked in Bangkok office and collaborated digitally with Malaysian, Singaporean and Australian teams.
